Introduction

Rahat Welfare Foundation remains steadfast in its mission to uplift underprivileged communities through education, skill development, and cultural engagement. This year has been a significant milestone in our journey, marked by diverse programs and increased community participation. We are proud to present a summary of our key activities and achievements during the financial year 2022–2023.

1. Republic Day Celebration (25th January 2022)

We organized a vibrant Republic Day event involving over 100 community members, including local children and volunteers. The celebration featured a flag-hoisting ceremony, cultural performances, and patriotic speeches that reinforced the spirit of unity and nation-building.

2. Independence Day Celebration (14th August 2022)

The Independence Day program saw enthusiastic participation from students and local residents. A cultural showcase of music, dance, and drama emphasized India's journey to freedom and the importance of civic responsibility.

3. Diwali Celebration (October 2022)

We organized a festive Diwali event, especially for underprivileged children. The celebration included rangoli making, diya painting, distribution of sweets, and interactive games to bring joy and unity within the community.

4. Food Vendor Training Project

This impactful initiative trained local aspiring food vendors in hygiene practices, basic food safety, and small business skills. We assisted candidates in obtaining certifications such as FSSAI, empowering them to start or improve their food stalls and small enterprises. A total of 30 individuals successfully completed the program.

5. Basic Computer Course

We provided basic computer training to 50 students, focusing on digital literacy, Microsoft Office tools, internet browsing, and email usage. The program aimed to enhance employability and digital inclusion for youth from low-income families.

6. Spoken English Classes

A total of 35 students enrolled in our English-speaking course, where they learned grammar, vocabulary, and conversational skills. The training was especially helpful for those preparing for interviews and educational advancement.

7. Personality Development Workshops

We conducted regular sessions on personality development, which included topics such as self-confidence, goal setting, personal hygiene, time management, and communication skills. These sessions helped students build a positive mindset and prepare for future opportunities.

Impact Overview

- Total beneficiaries served: 150+
- Certified candidates: 30+ (FSSAI, computer, English)
- Students trained: 85 (Computer & English programs)
- Community events held: 3 major festivals/celebrations
- Volunteers engaged: 20+

Future Vision

Building on our 2022–23 achievements, we aim to expand our educational programs, introduce health and hygiene awareness campaigns, and increase the scale of our vocational training initiatives in the coming years.
